

Proudly offers Aflac to our employees because

Aflac pays cash directly to you, if you get hurt or sick, often whether or not you actually miss work.

Aflac can help you with out-of-pocket expenses and interrupted or lost income, due to a covered illness or injury. This is why **Aflac is different** than the other benefit options we offer. Because Aflac plans are offered on a pick-and-choose basis, and rates are based on your age and family needs, plans can be customized to your needs.

Aflac works best combined with your medical plan, because medical plans pay doctors and hospitals, but **Aflac pays you** directly*. All benefits are paid to you unless you assign them elsewhere. Aflac helps complete your total benefits package by offering a number of plans, which help cover indirect costs in case of accident, cancer, hospitalization, sickness, disability, and more. You can use the money to pay mortgage, rent, groceries, family expenses or even co-pays and deductibles. Be sure to ask about Aflac's maternity benefits.

Aflac pays cash directly to you with plans starting at \$3.00 per week

Aflac is flexible and affordable, offering payroll rates. Choose plans that best fit your needs.

*Claims payments are made directly to you, unless you specify otherwise.

_____ Yes! I would like more information.

_____ I am not interested at this time, and waive my right to participate.
